

Dear Elementary Level Families,

We are so excited to open our doors to you and your children in just a few weeks! We feel privileged to share these important years in your family's life with you and look forward to delivering the highest quality educational experiences for your entire family.

Please visit our 2024-2025 Welcome Page, to find all the forms you will need to submit before the first day of school and our After School Enrichment Page, to find the after-school class descriptions, times, and prices. Please review the digital Parent Handbook where you will find important policies and procedures to be aware of.

There are some important dates for you to be mindful of coming up:

- **Monday, August 19th:** We will have a **NEW Family Orientation** at **6:30 PM**. All new families including ALL rising kindergarten families are required to attend.
- **Tuesday, August 20th:** Parents and children are welcome to stop by your child's new class and meet your child's teacher.
- **Wednesday, August 21st:** The first day of school! You may walk your child to their class. (After this day we will start all together each morning in the chapel.)
- **Friday, August 23rd:** We will have our first Family Shabbat. Everyone is encouraged to attend and check out our Enrichment programs afterwards in our Welcome Center.

We can't wait to welcome you soon!

Best,  
Stacy Penson  
Elementary Level Director
